# WHAT IS PEMF?

## PEMF STANDS FOR: Pulsed Electro-Magnetic Field

PEMF mimics the earth's gravitational field. By varying the Hz we can intensify the positive effects of the electromagnetic field and recharge cells to promote health and wellness.

A completely safe and non-invasive treatment that can help increase healing, immunity, recovery, circulation, and reduce inflammation, pain, and toxicity.

# HOW DOES PEMF WORK?

PEMF devices work as a **'battery charger'** for our body by energising our cells and boosting our body's natural defences.

PEMF therapy does not treat medical conditions; instead, it up-regulates the body's own ability to heal itself naturally by replenishing the natural charge that exists in healthy cells. When your body is healthy, you sleep better, experience more energy, and are less likely to experience pain and inflammation.

# WHY MAGNACARES® ?

Compared to other leading brands, the MagnaField® & MagnaField® Mini devices can be continually used to promote recovery without any adverse issues. This is because other brands are restricted to limiting their treatment sessions due to their higher hertz(Hz) output, making both MagnaField® & MagnaField® Mini devices safe for all, even for pregnant women, epilepsy sufferers, and individuals with pacemakers.

## Our Vision is to give people the power to heal naturally.

Giving you a healthier life without pain, without insomnia & most importantly, more time with your loved ones.

# TESTIMONIAL

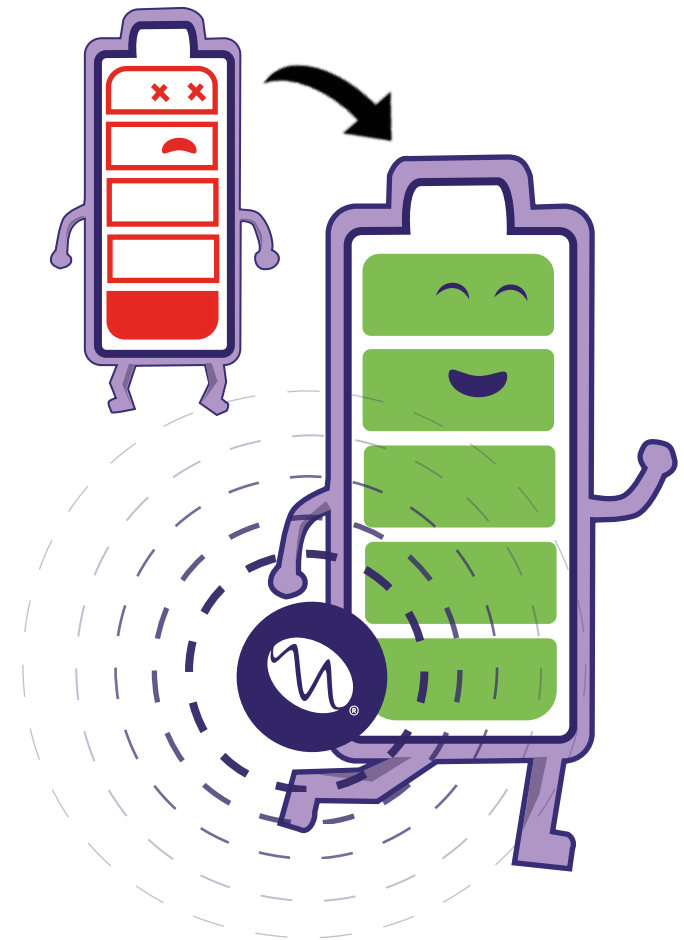

## Eddie Hall

I was introduced to Magnacares by professional boxer Garey Reid. He was using Magnacares devices for his injuries and training. I recognised what Magnacares was doing for him and then very quickly myself from my own trial. With the stamp of approval from leading scientists like Professor Michael Clark and his studies, there is absolutely no doubt in my mind about what Magnacare does for me. Without Magnacares products I feel I would return to sleepless nights and a lack of energy during my training sessions very quickly.

In short, a **human body is a battery**, and like any battery, it can run low on voltage, and that's when we start to see issues.

PEMF re-energises our body on a cellular level and invigorates our body into action, therefore providing solutions to our health and wellness problems.
