# WHAT IS PEMF?

## PEMF STANDS FOR: Pulsed Electro-Magnetic Field

PEMF mimics the earth's gravitational field. By varying the Hz we can intensify the positive effects of the electromagnetic field and recharge cells to promote health and wellness.

A completely safe and non-invasive treatment that can help increase healing, immunity, recovery, circulation, and reduce inflammation, pain, and toxicity.

## HOW DOES PEMF WORK?

PEMF devices work as a **'battery charger'** for our body by energising our cells and boosting our body's natural defences.

PEMF therapy does not treat medical conditions; instead, it up-regulates the body's own ability to heal itself naturally by replenishing the natural charge that exists in healthy cells. When your body is healthy, you sleep better, experience more energy, and are less likely to experience pain and inflammation.

## WHY MAGNACARES® ?

Compared to other leading brands, the MagnaField® & MagnaField® Mini devices can be continually used to promote recovery without any adverse issues. This is because other brands are restricted to limiting their treatment sessions due to their higher hertz(Hz) output, making both MagnaField® & MagnaField® Mini devices safe for all, even for pregnant women, epilepsy sufferers, and individuals with pacemakers.

### Our Vision is to give people the power to heal naturally.

Giving you a healthier life without pain, without insomnia & most importantly, more time with your loved ones.

## TESTIMONIAL

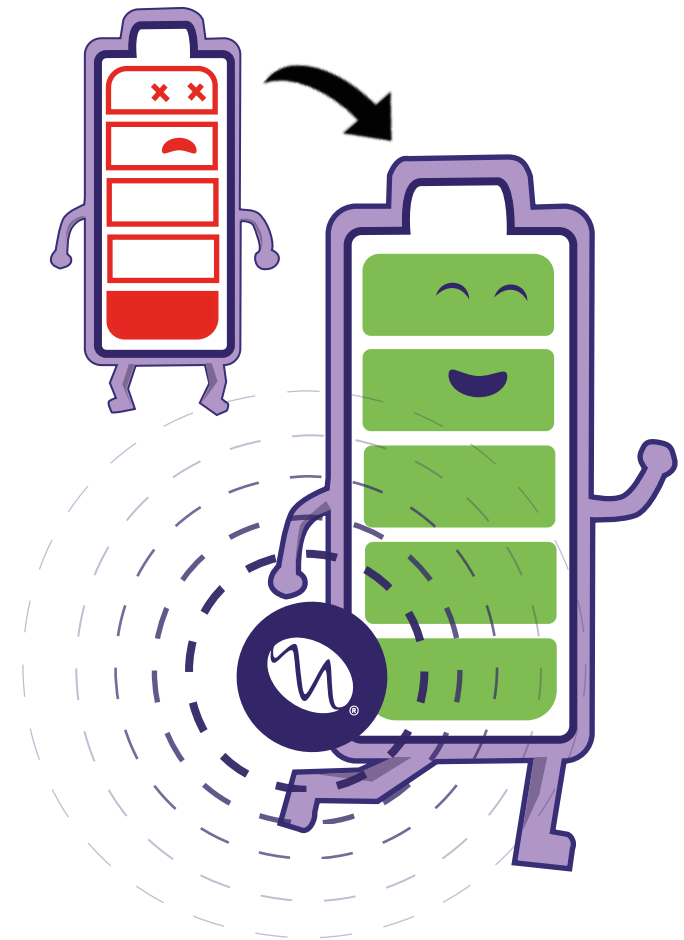

### ELIZABETH WEBB TEXAS, USA

My words seem inadequate in expressing the overwhelming benefits of MagnaField® Mini! My personal case is fairly ordinary; I'm in my 50's and in recent years had incurred lower back pain, joint pain and stiffness as a result of my very active lifestyle

"With MagnaField® Mini, I am 100% pain free, take zero Aleve, and am more agile than ever!"

In short, a **human body is a battery**, and like any battery, it can run low on voltage, and that's when we start to see issues.

PEMF re-energises our body on a cellular level and invigorates our body into action, therefore providing solutions to our health and wellness problems.
